

Manuscript number:

Title:

The authors promise:

- 1、 This manuscript is the original work of the author(s) and has not been published elsewhere or under consideration for another publication, or a substantially similar form in any language;
- 2、 The content does not involve state secrets;
- 3、 The order of the author(s) will not change randomly.

Copyright Transfer Agreement

It is the policy of *Chinese Optics Letters* not to accept for publication work that has been previously submitted for publication or been accepted for publication, work that has been published elsewhere, or work for which acceptance for publication is pending. *Chinese Optics Letters* may accept for publication work previously submitted and denied publication elsewhere. The Author(s) hereby agree to abide by this policy, warrant and represent that they have not previously published the Work or submitted it for publication.

The Author(s) hereby transfer to the *Chinese Optics Letters* (COL) full ownership throughout the world of all rights, titles, and interests, including all copyrights and renewals and extensions thereof, in and to the above-titled Work and including the title and the abstract of the Work, effective when this Work is accepted for publication in COL. COL shall have the right to register copyright to the Work and the accompanying abstract in its name as claimant, whether separately or as part of the journal issue or other medium in which such work is included. The Author(s) hereby agree that COL may edit the work, its title and abstract. The Author(s) also hereby agree that COL may use his/her name, photo, or likeness in connection with promoting or advertising the work and any adaptation thereof, in the journal issue or other medium in which such work is included. The Author(s) agree that all copies of the Work shall include notice of the *Chinese Optics Letters* copyright.
